Junior Software Developer

ICodeFactory is the company that completes the entire software development process from idea to production. We are currently looking for highly motivated, curious and talented Junior Software Engineers to join our development team in Novi Sad.

Do you want to make a great start in your career with our team of Microsoft Certified Trainers? Are you a team player who is ready to learn and gain new skills? If you are all that and much more, we have a position for you.

Requirements:

- University degree in computer science or equivalent technical studies
- Great knowledge of object-oriented programming
- Understanding of relational database concepts, data structures and algorithms
- Good written and spoken English

What we offer:

- Up to 2 months of Microsoft Certified training for free
- Full-time job (40 hours weekly) after sucessfuly completed training
- A dynamic international working environment and great career opportunities
- Opportunity to work in a team of highly professional people and take part in challenging, cutting-edge projects for some of the biggest companies in the world
- Opportunity for personal development with professional training, education and certifications
- Fruits, refreshments, free sports activities, free parking space and more
- Positive working atmosphere in our cosy and modern office at a very good location in Novi Sad

How to apply:

Please, send us your CV to jobs@icodefactory.com with the subject „**Junior Software Developer**" until the 20th of April. Start your career the right way at ICodeFactory!
